NOTES:

Marketer prices must be filed by the 5th of each month

Commission website: www.psc.state.ga.us

All available marketer rate plans may not be listed on the website. Please contact the marketer for any additional rate plans or offerings.

NEW---If the marketer provided a range of customer service fees based on credit or consumption, then that marketer's "Total Monthly/Annual Bill" Calculation is calculated by using the <u>HIGHEST</u> of the range. Specific customers' total bill calculations may be different depending on the marketers' credit criteria and consumption.

- (a) The prices billed to a consumer on a variable rate plan will not exceed the price the marketer has on file with the Commission in effect at the beginning of the consumer's billing cycle (meter reading cycle).
- (b) The Regulated Provider Group 1 customers low income customers who are qualified by the State Dept. of Human Resources. Group 2 customers high-credit risk customers who cannot obtain service from a marketer.
- (3) The Total Annual Bill and Total Monthly Bill include the base charges from Atlanta Gas Light Company. The annual base charge for a typical customer with a 1.30 DDDC Factor is \$477.63 and is \$307.99 for qualifying senior citizens.
